Data set Documentation

This data set contains secondary data gathered in task 3.1. by FORBA and the city partners (Barcelona, Bologna, Berlin, Lisbon, Paris, Tallinn) aiming at contextualizing the sectoral impact of platform economy at local level.

The findings from this exercise were inserted into two deliverables of Work Package 3: Deliverables 3.1 (Comparative Analytical Analysis across seven city-specific reports) and 3.2 (Policy Brief: The impact of platform economy on local employment and business dynamics in selected industries based upon D 3.1).

Due to privacy reasons connected with University of Hertfordshire policies and the info and consent received by participants, UK and London data have been stored separately and can be consulted here: <https://doi.org/10.18745/ds.25505>.

Contents of each file

The Dataset 7 contains four kinds of data sources divided in 5 groups:

1) Secondary Data Template (1 file)

In the file “PLUS_7_PLUS.WP3 PLUS.WP3 Platforms' impact in urban economies_Template City Data_20210512” you find the instructions for the city partners to provide sectoral data containing:

- Information on NACE codes relevant for the platforms covered by the project
- Information on NUTS-3 regions relevant for the cities covered by the project
- Requests for international data on employment and business demographics to be researched for each city based on data from the Labour Force Survey and the Structural Business Statistics and Regional Business Statistics
- City-specific data about platform economy, specific platforms, platform workers and development within the relevant industries based on

- Quantitative data from national or regional sources (not part of a EUROSTAT program), including administrative data
- Results from regional studies based on quantitative data

2) Secondary Data Methodology (1 file)

In the document “PLUS_7_PLUS.WP3 PLUS.WP3 Platforms' impact in urban economies_Template City Data Explanatory Note_20210512” you find detailed information and explanation about the standardized and city-specific data requested from the city partners

3) Data Collection at Local Level (7 files)

Files named “PLUS_7_PLUS.WP3 PLUS.WP3 Platforms' impact in urban economies_NAME OF THE CITY_20210512” are ODS documents containing data on the seven investigated cities provided by the PLUS partners. The files contain both standardized data on employment and business demographics and city-specific data following the template “PLUS_7_PLUS.WP3 PLUS.WP3 Platforms' impact in urban economies_Template City Data_20210512” provided by FORBA.

4) Data Analysis (6 files)

- “PLUS_7_PLUS.WP3 PLUS.WP3 Platforms' impact in urban economies_Citydata overview sectorwise_20210512” assembles selected secondary data (employment, business demographics) for each relevant NACE code (I.55, H.49, H.53, T.97, N.81) at city level (NUTS 3 region) where available. The data was provided by PLUS city partners documented in the files “PLUS_7_PLUS.WP3 PLUS.WP3 Platforms' impact in urban economies_Template City Data_20210512”
- “PLUS_7_PLUS.WP3 PLUS.WP3 Platforms' impact in urban economies_Data Cleaning PLUS Cities and National Sectorwise_20210512” contains selected secondary data on employment and business demographics about cleaning and domestic services gathered by city partners for the respective cities. Moreover, it contains national data from the Structural Business statistics and Labour Force Survey on NACE T.97 and N.81 gathered via the EUROSTAT data base (<https://ec.europa.eu/eurostat/data/database>) by FORBA.
- “PLUS_7_PLUS.WP3 PLUS.WP3 Platforms' impact in urban economies_Data Taxi PLUS Cities and National Sectorwise_20210512” contains selected secondary data on employment and business demographics about taxi services and platform-mediated passenger transport gathered by city partners for the respective cities. Moreover, it contains national data from the Structural Business statistics and Labour Force Survey on NACE H.49 gathered via the EUROSTAT data base (<https://ec.europa.eu/eurostat/data/database>) by FORBA.
- “PLUS_7_PLUS.WP3 PLUS.WP3 Platforms' impact in urban economies_Eurostat Hotels and Accommodation PLUS Cities and National Sectorwise_20210512” contains selected national and NUTs-2 secondary data on employment and business demographics about the hotel and accommodation sector (I.55) from the Structural Business statistics and Labour Force Survey gathered via the EUROSTAT data base (<https://ec.europa.eu/eurostat/data/database>) by FORBA.
- “PLUS_7_PLUS.WP3 PLUS.WP3 Platforms' impact in urban economies_NACE Employment City level_20210512” contains general data based on the Labour Force Survey about the number of employees across all NACE categories between 2001-2017 for each of the PLUS cities.

- “PLUS_7_PLUS.WP3 PLUS.WP3 Platforms' impact in urban economies_Internet Use Cities_20210512” contains city-specific data about internet use based on the EU survey on the use of Information and Communication Technologies (ICT) in households and by individuals (https://ec.europa.eu/eurostat/cache/metadata/en/isoc_i_esms.htm)

5) Focus groups

“PLUS_7_PLUS.WP3 PLUS.WP3 Platforms' impact in urban economies_FG

Guidelines_20210512” contains instructions for implementing focus groups, on sectoral industries for each city, that have been conducted with local stakeholders. Each focus groups is identified with the name of the sector and the name of the city “PLUS_7_PLUS.WP3 PLUS.WP3 Platforms' impact in urban economies_SECTOR_CITY_20210512”.
